

Wildlife and Package Alert!

Much to our delight, Vermont enjoys a strengthened wildlife population these days! At camp, we have had the pleasure of seeing more wildlife around and about, including, some summers, a bear or two that visited us at night a couple of times.

We work with the State of Vermont Fish and Wildlife department to assure that we are all safe at camp and that the wildlife that we appreciate are also safe. As is always the case, we manage our trash carefully and we pay close attention to keeping food out of our cabins. Our trash bins are tight and emptied regularly and our cabin doors are well-latched.

Parents! You can play a big role in keeping camp safe!

**PLEASE DO NOT SEND FOOD TO YOUR DAUGHTER IN PACKAGES.
SAFETY IS COMPROMISED IF FOOD GETS INTO CAMPER CABINS.
PLEASE, ALSO MAKE SURE OTHER RELATIVES AND FRIENDS WHO MAY SEND A
PACKAGE KNOW THIS RULE!**

Your daughter will enjoy a sweet dessert during one meal each day. There are apples or other fruit available every day, all day, for healthy snacking. We eat very well at camp! Sending food is unnecessary and makes it more difficult for us to manage the possibility of food in cabins.

Please do send a care package, if you'd like! Your daughter will be thrilled to receive a package, but please make sure you include non-edible treats. Your imaginations will take you right to just the best things to send, we are sure! If you need some suggestions, please do give us a call.

To recap, in the interests of your daughter's health and safety, and the health of our local wildlife, PLEASE DO NOT SEND FOOD TO CAMP! If, by mistake 😊, your package contains food of any kind, we will donate the food to our local food pantry).
